

SDC and Office Building Project OFFSITE IMPROVEMENTS

CONSTRUCTION ADVISORY

Week of: Monday September 13, 2010 – Sunday September 19, 2010

Jobsite Location: 14th Ave. S.E. and Jefferson St. S.E.

Project Standard Work Hours: 7:00 a.m. – 5:30 p.m.

Major Work Activities This Week:

- Construction of the north half of the roundabout at the intersection of Jefferson Street SE and 14th Avenue SE will continue this week. **Jefferson Street SE between 13th and 14th Avenue will remain closed during this work with traffic being diverted from Jefferson Street to Union and then Plum Street for access to I-5.** This street closure will last approximately 4 more weeks as grading and final surface improvements for the north half of the intersection and construction of this section of the roundabout continues.
- Work for the undergrounding of data and communication lines will remain ongoing. Undergrounding of existing power lines is complete, work this week will consist primarily of franchise service providers pulling new underground data and communication lines and removal of existing overhead power, data and communication lines from the poles.
- New curb and sidewalk will start being placed on the north half of the intersection at Jefferson Street and 14th Ave as well as along North 14th Ave east of Jefferson Street. Surface demolition, grading for curbs and sidewalks will remain ongoing on Jefferson Street SE south of 14th Ave.
- Trucks will be importing material throughout the week and revisions to traffic control during working hours may occur as needed to facilitate the construction.

Non-Standard Work Hours and Activities:

- Ongoing work for roundabout construction and street improvements will likely occur on Saturday, September 18th, depending on the weather.

Street Closures / Impacts:

- Construction of the roundabout at the intersection of Jefferson Street SE and 14th Avenue SE will remain in progress during this week. Changes in lane configurations as shown on the attached maps will be in place and traffic may be stopped intermittently during work in the roadway. Signed detours will be posted. **ALTERNATIVE ROUTES ARE ENCOURAGED.**
- The intersection of Jefferson Street SE and 14th Avenue SE will continue to be controlled by traffic control personnel as necessary during construction activities to help facilitate the flow of traffic. Traffic signals at the intersection will continue to be in service and should be obeyed unless traffic control personnel are present in the intersection, in which case, vehicles should follow the traffic officer's/flagger's directions.
- Jefferson Street SE traffic lanes and sidewalks between 13th and 16th Avenue will remain closed during construction of the north half of the roundabout and Jefferson Street improvements currently scheduled to be in early October 2010. Following completion of the north half of the roundabout, Jefferson Street will reopen from 13th to 14th Avenue; traffic lanes and sidewalks between 14th and 16th Avenue will remain closed until the completion of the final roundabout construction and Jefferson Street improvements currently scheduled to be in mid December 2010. **During the closure of Jefferson Street traffic lanes and sidewalks between 13th and 16th Avenue, pedestrian and bicycle traffic should follow detour signage and use alternate routes during construction.**
- **ALL VEHICLE, BICYCLE AND PEDESTRIAN TRAFFIC ARE REMINDED TO PLEASE WATCH AND OBEY TRAFFIC CONTROL OFFICERS AND FLAGGERS.**
